## K-3 50 Minute Prep Update with Anne McNamee

The district has put aside additional funding to adjust library entitlements for schools losing collab time.  They are also trying to equalize the amount of collab time available to schools.  The district has calculated a range in schools from 37 to 63% for time available for collab (book exchange and admin time is viewed as part of collab time).

Any TL's losing 40 minutes or more of collab time with the new model should speak to their administrator and ask them to request an adjustment in the TL entitlement for the school.

Schools without a 1.0 TL  do have the flexibility to purchase intermediate prep and have the TL provide the prep.  However, TL's need to keep in mind what portion of their job is library entitlement and what portion is  intermediate prep (this is term specific each year).
